## Welcome to the Miss Farmington Cities

### Scholarship Program 2022!

The young lady selected tonight, will earn the title of Miss Farmington Cities 2022.

She and her court will serve as Ambassadors of our two cities, Farmington and Farmington Hills. As Ambassadors, they will act as role models for young women and the youth in our communities. The Program still today operates under the values and traditions in the loving memory of its founder, Ginny Morris. Her commitment, strength, and passion for inspiring young women to achieve and be all they can be, will be honored and cherished.

A fond farewell, to Emma Hahn, our Miss Farmington Cities 2019.

She served both of our cities with grace, pride, and dignity.

Emma's commitment remained through the challenges brought about by the Covid19 pandemic and hiatus for the program for 2020 and 2021.

You have touched many hearts during your service.

Keep wearing your invisible crown.

Thank you for joining us tonight and we hope you enjoy the show!

With warm regards,

Laurie, Sidney, Roxanne, and Tracie.

# Meet the Contestants

## Allie Nowak

**Farmington High School, Junior.**

**Interests:** Sports: Softball, Basketball and Golf.

**Community Service Project Focus:**

Beautifying Downtown Green Spaces

## Preya Patel

**Farmington High School, Senior.**

You can donate directly to the projects the contestants have chosen. 100% of these donations will go to their projects. AND the contestant who receives the most donations in her box will be chosen at the People's Choice Winner tonight!

# About Me -Allie Nowak

Farmington High School  
Junior

Allie, a Junior at Farmington High School in the Fall, joined the Miss Farmington Cities Scholarship Program to work on her public speaking skills and to help improve the Farmington community. When she graduates, she hopes to get a degree in Sports Management and be a part of the major sports league's management team. She loves to play sports, such as softball, basketball, and golf, and hopes to continue working with athletes in the near future. She has struggled with hearing loss since she was 3 and Type 1 Diabetes since she was 11 and hopes to be a good role model to other people with disabilities.

## Community Service Project

### Project: Beautifying Downtown Green Spaces.

Planting gardens to welcome people to Farmington. My first location idea was by Shiawassee and Grand River intersection where there is a small spot of grass. I will plant beautiful flowers and a "Welcome to Farmington" sign to make people coming in from other cities feel welcomed. I chose this project because I believe we can make Farmington feel welcoming to people driving in. These flowers can give an overall uplifting feel to make everyone feel welcome.

# In Memory of Ginny

Ginny Morris left an irrevocable mark upon so many lives.

From those involved with the Miss Farmington Program and countless other individuals are better people because of knowing Ginny. Thank you, Ginny, for teaching us all to be so much more than we ever thought we could be. Thank you for always believing in us.

From your girls of the prior Miss Farmington, we love you and will strive to honor you in all we do. Thank you for teaching us to always wear our invisible crowns.

A life that touches others goes on forever....

With love and admiration.

# A Letter from the Board

The Miss Farmington Cities Program, formerly known as Miss Farmington, began in 2006, and was created by Ginny Morris, a free-spirited vibrant member of the Farmington and Farmington Hills Communities who had an incredible passion for supporting young women. She was un-apologetically fearless and inspired that same self confidence in every young woman who was lucky enough to work with her. Upon her sudden passing in November 2018, the community and those involved in the program were heartbroken.

A group of volunteers, passionate to continue this program, had to decide what to do after this abrupt passing of the true heart and soul of the program. It was decided we would become a 501(c)3 non-profit organization and strive to continue under the principles that reflected the program that Ginny created. The community a focus, and we wanted to showcase our equal involvement of our two wonderful communities. Hence, we have become, The Miss Farmington Cities Scholarship Program, run by a board of volunteers passionate about empowering young women in our community. Our continued goal is to provide an opportunity for young women in the Farmington and Farmington Hills Communities to improve their leadership skills, gain self-confidence and foster a love for community service while earning scholarship money for future studies. Our aim is to support our communities and all its residents, while allowing our participants to have a platform for furthering their work on the service projects they are personally passionate about.

This year, the program has undergone additional changes.

During the last two years, as it faced challenges due to the pandemic, we were met with the uncertainty about its continuation. However, we were thrilled to be able to continue this wonderful program and the opportunities it has to offer to these three amazing young ladies tonight. The traditional one-day event format changed to a two-day event. The first day was to introduce the contestants of the 2022 MFCSP, which was held July 12th at 6:30pm at Cowley's Irish Pub. Here the girls introduced themselves, their community service projects and kicked off the Founders Festival! The program underwent changes to content and expanded to include added focus to where the contestants chose a community service project of their choice to showcase.

The second day, these young ladies will compete for the title of Miss Farmington Cities and her court. Together, these young women, will act as Ambassadors in our communities. In addition, multiple scholarship opportunities have made available to them by generous members within our community.

Warm Regards,

Laurie Mulari-Crosson, Sidney Schrand, Roxanne Fitzpatrick & Tracie Schrand

# About Me-Preya Patel

Farmington High School Senior

Preya is a rising senior at Farmington High School. She wanted to be a part of the Miss.Farmington Cities program so that she can have a chance to connect with her community on a deeper level. Her favorite part of Farmington is the gorgeous Riley Park in our beloved downtown area. Seeing the community come together at Riley Park for the various events and to the ice rink during the holiday season always warms her heart. When she grows up, she wants to work in health care so that she can help others on a wider scale, much like how she strives to help others in her community every day.

## Community Service Project

### Project: Period Poverty

For my community service project, I chose period poverty. I chose this because I feel the issue isn't talked about nearly enough. Did you know nearly 1 in 5 girls in America have missed school due to a lack of period protection? Or that 16.9 Million American women do not have access to proper menstrual products? With Metro Detroit having one of the highest poverty rates in America, we should work to ensure everyone has access to period products. The actions I plan to take are: Spreading awareness on menstrual positivity and period poverty via social media, collecting donations of menstrual products to provide to those who do not have access to them, and supporting the organization - Period - by raising funds and spreading their message.

# About Me-Carrington Wash

Mercy High School  
Junior

Carrington, a junior at Mercy High School, is an honor student and is very active in her school's academic and social community. Carrington serves as a representative of student government, a member of the Mercyaires Choir, and participates in a variety of school and social activities. Carrington believes giving back to her community is important because it allows her to demonstrate her Christian values and morals. She is very honored and excited to be a contestant in the Miss Farmington Cities Scholarship Program due to her passion for leadership, community service, and citizenship. Carrington's career aspirations include being a pediatrician or a human rights lawyer. She is interested in both careers due to the commonality of helping others.

## Community Service Project

### Project: Today a Reader, Tomorrow a Leader

For my community service project, I chose to start a program called - Today a Reader! Tomorrow a Leader! Let's read with Miss Farmington 2022. My goal is to foster a love of reading and literacy throughout our communities with pop up reading events; At which Miss Farmington 2022 will read children's books, engage in post-reading conversations, and distribute a copy of the book to every attending child. According to the department of education, "the more students read or are to read for fun on their own time and at home, the higher their reading scores". I look forward to providing the opportunity to acquire literacy skills through the enjoyment of reading, and to spreading joy and learning throughout the communities.
